

North Beach Parks & Public Shoreline Setback

North Beach has always been a favorite place for swimming, surfing and fishing. Through a series of interventions at the Maui Planning Commission, West Maui Preservation Association (WMPA) and other residents were able to secure public benefits from the developers.

Some of the benefits secured include proper drainage, a dunes preservation and management program, ocean resource protection, a pile-driving ban, water quality monitoring and substantial monies for traffic mitigation

measures including the Lahaina signal synchronization. The three park areas provide convenient access to North Beach with ample free public parking and beach amenities.

North Beach West Maui Benefit Fund, in partnership with the WMPA, continues its commitment to the public by publishing this brochure on West Maui Beach resources which includes the recent changes to the North Beach area and provide you with information so you can locate and use this valuable public resource.
